Subject: Application for an internship as a product tester and quality assurance

Dear Sir/Madam,

I am writing to you to apply for an internship as product tester and quality assurance. From your website I learned that you offer internships to students during the holidays.

I am interested in an internship because I would like to learn more about the job as product tester and quality assurance the way I think it might be an interesting and suitable job for me. I like to communicate, I am very sociable and flexible.

I do not have prior work experience in this field, however my excellent writing skills would really seem helpful. The position demands somebody fluent in writing and speaking in multiple languages, so that he/she can produce reports in order for the problems to get fixed.

Moreover, I am interested in chess a mental sport that requires a tremendous amount of critical thinking and spot on decisions traits essential for such a position.

I look forward to hearing from you soon.

Yours sincerely,

George Dendrinios
