I am writing this job application, Because i want a job by Rabobank.

I would like to work as a director in financial matters.

I was sitting at the school sg Copernicus

I want to learn a lot about the company.

I think i have a lot of general knowledgel hope i can handle that in my job.As a colleague , I think i'm helpful and I want everything to be alright. Why i want to work by the rabobank? Because i like economie and financial things. I would love to add my ambition to my work

I would like to have a conversation with you to know more about the job.
