Subject: Vacancy for Trade Marketing Intern Global Duty Free

Dear Ms. Ueckert,

I read with great interest about the vacancy Trade Marketing Internal Global Duty Free on www.HeinekenNederland.nl. The function particularly well to connect on my education and interests and therefore I would like to apply for this position.

During my training, Full-time MBA, I have focused mainly on Business and Management. My passions for Business and Management I then managed to combine. After my studies I had work experience as a Web Designer for "De Toren" shoe store. During this experience I was convinced that this subject fits well with me.

I describe myself as enterprising, independent and enthusiastic. I also dare to ideas and wants to take the lead to realize these ideas. If I go somewhere for, I am doing it for the full 100%. This makes that I always aim for the optimum result. By the many writing plans on my education I manage MS Office, the Dutch and the English language well.

For further personal information I refer you to the attached curriculum vitae. I hope to have the opportunity to explain further in a personal conversation.

Best regards,

Marthijn Vink
