To Whom it May Concern,

I am writing to apply for the position as a veterinary assistant. Along with this letter I am including my resume. I am only available to work part time given that I am currently a student.

I think this is an excellent opportunity to expand my skills not only in terms of the profession but also in learning how to work and communicate with others.

I have experience working part time in a stationary shop where I gained experience in working with others but I love animals and would be thrilled to use this opportunity to see if it is something I would be interested in pursuing in the future.

Thank you for your consideration.

Sincerely,  
Victoria Ruivo
