

That's me! Leon-Holger Weber

1. I put a notebook from the Math Competition into my *Ich-Box* because I'm really good at math and I like to look at some more difficult exercises to solve them.
2. There is a 'Yu-Gi-Oh'-Manga in my *Ich-Box* because I love to read them – they come from Japan (mostly) and that's one of my favorite countries.
3. I also put the 'Black-Stories' into my *Ich-Box* because I love board games. This is a kind of detective game which is interesting to me.
4. The mobile phone and the case are in my *Ich-Box* because I am very interested in mobile phones. The case was designed by me. I also love the case because I know without it my phone will break! *Safety first!*
5. The French dictionary is in my *Ich-Box* because I like to learn another language and it will be a great help.
6. The recorder is in my *Ich-Box* because I teach myself how to play it.
7. The hymnbook is in my *Ich-Box* because I love to sing and spend time with my friends and my family.

8. The artwork is in my *Ich-Box* because I love to draw and I've been drawing since I was 9 or 10 years old.
9. I put the 'Polychromo' into my *Ich-Box* because I know my materials for drawing.
10. The sheetbook is in my *Ich-Box* because it is completely clear, so I can use it longer.
